## SEWER ADJUSTMENT CHARGE WHEN FILLING POOL

- ✓ I hereby certify that not less than ten (10) days nor more than thirty (30) days after filing this notice, I will fill, or drain and refill my swimming pool.
- ✓ I understand that I will be given an adjustment of the current sewer consumption rate for a maximum credit of either 12,000 gallons (in-ground pool), or 6,000 gallons (above ground pool).
- ✓ I further understand that the credit will be determined based on the difference between the average consumption and the consumption during the billing period when the pool was filled and I will only receive an adjustment if and only if I am on the city sewer line. **Homes with septic tanks do not qualify for a sewer adjustment.**

**POOL MUST BE COMPLETELY EMPTIED AND REFILLED FOR ANY CREDIT**
