

HISTORIC MIRAMAR INFRASTRUCTURE IMPROVEMENTS PROJECT (HMII3) Newsletter Update

November 24, 2020 Vol. 52

The intent of the Historic Miramar Infrastructure Improvements Project Phase 3 (HMII3) is to update the 1950's era water mains, construct new storm drains and swales, and enhance fire protection with additional fire hydrants. Reynolds Construction has completed all of the Historic Infrastructure Improvements in Phase 3.

The City of Miramar's Project Manager, AECOM's Engineer of Record and Reynolds Construction have inspected the systems and determined that certain areas of the sewer system require repairs.

Beginning Monday, November 30, 2020 through December 16, 2021, Reynolds Construction will make sewer repairs on the following streets in the HMII3 project area. The plan is to have the affected street closed to local traffic only during the work on each specific street for 24 hours a day.

- o SW 22nd Court Between SW 68th Avenue and SW 68th Terrace
- o SW 67th Way Between SW 67th Lane and SW 20th Court
- o SW 67th Terrace Between SW 67th Avenue and SW 20th Court
- o SW 67th Avenue Between 19th Street and SW 18th Street
- o SW 18th Street Between SW 66th Avenue and SW 64th Avenue
- o SW 66th Avenue Between SW 24th Street and SW 25th Street

Repair work is expected to last for approximately three days at each location. Final restoration will be completed at the conclusion of the repairs. As the repair crews move from street to street, it may be difficult to provide specific dates when the repairs will be made on your street. We will make every effort to place a door hanger on each home at least three days prior to mobilization of the repair operation.

We ask for your continued patience and understanding as we continue to address your concerns in the HMII3 project area.

If you have any questions about the sewer repairs or the status of HMII3, please contact Adams Consulting Group at hmii3@adamsconsulting.biz or (954) 998-3146.

For questions or concerns,
